Celebrating clean energy for 10,000 families!

GRID Alternatives has reached an exciting milestone - 10,000 low-income California families served with solar energy! California has been a national leader in forging our clean energy transition, from innovative public-private partnerships to groundbreaking investments in solar for disadvantaged communities. Join us at a live solar installation to celebrate this milestone and honor the policymakers, partners, and organizations who are leading the way for California and the nation.

Friday, June 29, 11am- noon

3058 Ramsgate Way, Rancho Cordova

11am

Join us for a site tour!

11:30am

Speaking program

PLEASE RSVP TO: kmclintock@gridalternatives.org

GRID Alternatives is a national leader in making clean, affordable solar power and solar jobs accessible to low-income communities and communities of color.
